

**NATURE**

MY SUPER AWESOME

**ADVENTURE**

FIELD GUIDE

# CAN YOU SEE...

During your adventure, use this checklist to track all of the things you see and discover along the trail. Keep your eyes wide open and make sure you don't miss anything!

TREE

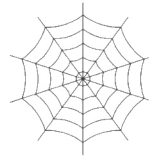

BIRD

BROWN LEAF

CLOUDS

SPIDERWEB

GREEN LEAF

BUTTERFLY

SNAIL

FLOWER

ROCKS

BUG

WATER

ANIMAL

NO.1

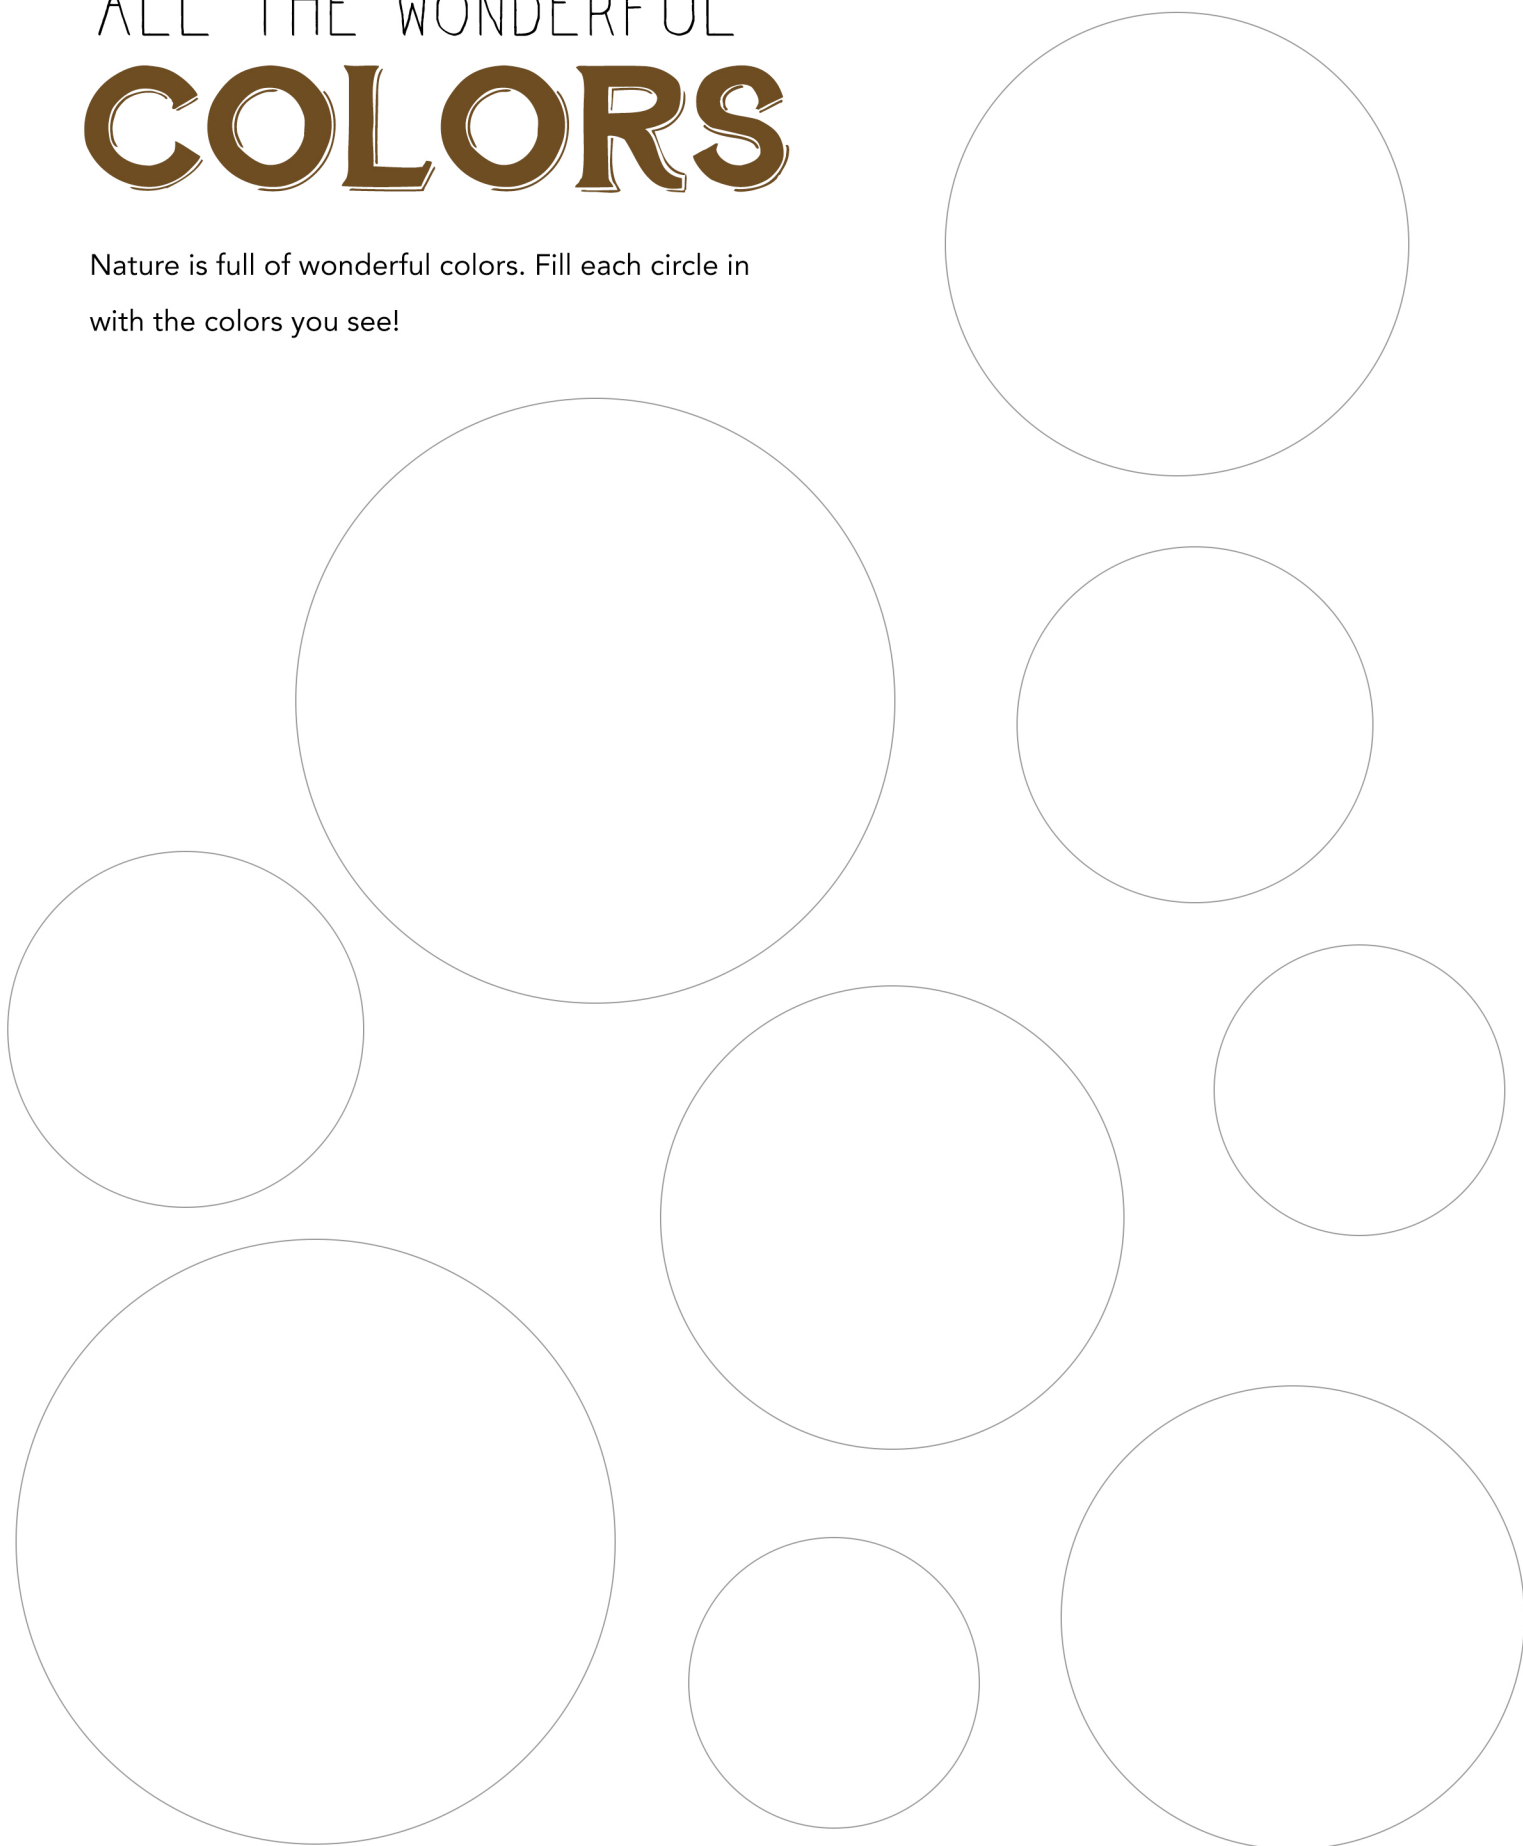

# A NATURE CHALLENGE

Try and stack as many rocks as you can on top of each other without them falling over. Use the box below to tally up how many rocks you were able to stack!

# ALL THE WONDERFUL **COLORS**

Nature is full of wonderful colors. Fill each circle in  
with the colors you see!

NO.2

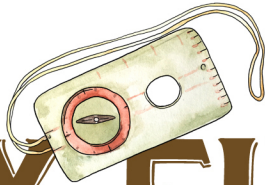

# A NATURE CHALLENGE

Using anything you find on your adventure - leaves, sticks, rocks, flowers -  
create your very own nature art. Glue it below, take a picture, or draw what you created.

# LOOK UP

Did you know that clouds are white because they reflect light from the sun? Clouds become grey when they become so filled with water that they cannot reflect the sun's light anymore. Look up and watch the clouds. Be sure and draw what you see!
